PROFILE

I am a highly dedicated Part 2 Architecture student at the University of Edinburgh due to graduate in July 2025. My specific areas of interest include sustainable design across the residential and commercial sectors and conversions of historic buildings. Throughout my previous work experience in architectural practices, I have become proficient in a broad range of skills: Revit, SketchUp, CAD and Adobe Suite programmes and can quickly pick up new skills.

ARCHITECTURAL SKILLS & LANGUAGES

Proficient in: AutoCAD, REVIT, Rhino, SketchUp, Photoshop, InDesign, Twinmotion

Experience in: ArchiCAD, Grasshopper, After Effects, V-Ray

Further skills: Accomplished in physical modelmaking with well-rounded knowledge of handling workshop tools and machinery; Comfortable with creating hand-drawings and sketches

Languages: English (Fluent), Cantonese and Mandarin (Native), Japanese (Intermediate)

WORK EXPERIENCE

White Red Architects, London, Part 1 Architecture Assistance (July-September 2023)

- Collaborated on a variety of projects for both public and private sector clients, with a focus on the commercial and residential sectors
- Worked on the technical design of Film House, a listed building in Soho, London, addressing specific challenges associated with historical preservation.
- Completed a REVIT training course organized by firm and applied REVIT modelling skills in the Film House project.
- Produced CAD drawings, 3D visualisations and client presentations to a high standard

White Red Architects, London, Part 1 Architecture Assistance (May-September 2022)

- Collaborated on commercial projects: Virgin Office Design, Throgmorton Office Design.
- Developed a proposal for an extension to a grade 1 listed residential building, achieving high client satisfaction
- Produced CAD drawings, 3D visualisations and client presentations to a high standard

B+H Architects, Hong Kong, Part 1 Architecture Assistance (May-August 2021)

- Prepared tender drawings with cad and illustrator to a high standard
- Interpretation between Chinese-speaking clients and English-speaking design team.

Associate Engineering Limited, Hong Kong, Architectural Intern (July-October 2020)

- Worked on the technical design and risk assessment for listed building Tai Kwun, Hong Kong.

- Sourcing and purchase of building materials and Automatic Parking Systems

Hospitality and Leisure Asia, Malaysia, Architectural Intern (July-August 2018)

- Developed an early-stage insight and interest in the architecture industry while assisting professional architects.
- Completed multiple successful planning applications for high-end residential projects.

EDUCATION
